10.00 mm	**N/P-15**	000	#6 Super Bulky Blanket Yarn
15.00 mm	**P/Q**	—	#7 Jumbo / Chenille Throw Yarn

WHY CHECK MILLIMETERS (mm) FIRST? Different brands sometimes label a **G-6** hook as either 4.00 mm or 4.25 mm, and **M/N** hooks vary between 9.00 mm and 10.00 mm. Always match your pattern by the **Metric (mm) measurement** for exact gauge accuracy. For stuffed Amigurumi toys, size down 1.0 mm to 1.5 mm from the yarn label to prevent stuffing gaps.
